ACADEMIC APPOINTMENTS

The Ohio State University
Postdoctoral Researcher, Max M. Fisher College of Business (PI: Dr. John Gray) — *June 2025–present*

Massachusetts Institute of Technology, Cambridge, MA
Postdoctoral Associate, Center for Transportation & Logistics — *July 2024–June 2025*
Mentor, 15.S04 Generative AI Lab, MIT Sloan — *Jan 2025–May 2025*

University of Oregon, Eugene, OR
Visiting Assistant Professor, Operations & Business Analytics, Lundquist College of Business — *Sept 2023–June 2024*

The University of Alabama, Tuscaloosa, AL
Postdoctoral Fellow, Institute of Data and Analytics — *Aug 2022–Aug 2023*
Visiting Faculty, Dept. of Information Systems, Statistics and Management Science — *Jan 2023–Aug 2023*

EDUCATION

Rensselaer Polytechnic Institute, *Troy, NY*
Ph.D. Management (Decision Sciences, Operations & Supply Chain Management Track) — *June 2022*

Dissertation title: Essays in Supply Chain Risk Management – An Analytical and Network Science Perspective
Dissertation Committee: M. Hakan Hekimoğlu, T. Ravichandran, Brian Clark, Jennifer Pazour

- **The 2022 Del and Edith Karger Dissertation Prize in Management.** This prize is awarded to the graduate student whose original publication is judged an outstanding contribution by a committee of faculty and alumni.

University of Texas, *Arlington, TX*
M.Eng. Mechanical Engineering — *May 2015*
M.S. Materials Science and Engineering — *July 2011*

National Institute of Technology (N.I.T), *Rourkela, India*
B.S. Metallurgical and Materials Engineering — *May 2008*

RESEARCH INTERESTS

Topics:
Operations & Supply Chain Risk Management, AI & Business Analytics, Analytics for Social Good

Methodologies:
Optimization, Econometrics, Simulation, Machine Learning, Control Theory, Information Design

RESEARCH PAPERS

Publications

1. Divey, S.J., M.H. Hekimoğlu, T. Ravichandran. 2024. The Role of Real-Time Event Monitoring in Dynamic Response to Disruptions. ***Production and Operations Management***, 33(10), 2031-2050.

Papers Under Review/Revision

1. Divey, S.J., M.H. Hekimoğlu, T. Ravichandran. 2026. The Role of Firm Risk in Supply Chain Network Adaptation. *Minor Revision* at ***Production and Operations Management***.
2. Freeman, N.K., Divey, S.J., Bott, G.J., Keskin, B.K. 2026. Using Spatiotemporal Analysis to Identify Potential Sex Trafficking Victims in Commercial Sex Advertisements. *Reject & Resubmit* at ***Management Science***.
3. Gray, J.V., Handfield, R., Divey, S.J., Sahebi-Fakhrabad, A., Sadeghi, A., Sharma, N., Butler, P., Teasdale, B., Schulman, K., Light, D. 2026. Broken Generic Drug Supply Chains: Evidence from Metformin. *Major Revision* at ***Health Affairs Scholar.***

4. Ma, B.J., Zhao, J., Divey, S.J., Farahani, R.Z. 2026. Live-Streaming and Impulse Buying in E-Commerce: A Dual-Channel Supply Chain Analysis. *Major Revision* at ***International Journal of Production Economics.***

Working Papers/Works in Progress

1. Learning to Comply or Learning to Improve? Organizational Learning in Pharmaceutical Manufacturing. (with N. Safaei and J. Gray). *Working Paper*.
2. Measuring Latent Quality Risk in Pharmaceutical Manufacturing. (with I. Lugovoi, E. Siemsen, and J. Gray). *Working Paper*.
3. Information Design with Endogenous Learning in Supply Chains. *In preparation for submission* to ***Manufacturing & Service Operations Management***.
4. From Label to Factory Floor: Integrating FDA Data Systems for Pharmaceutical Supply Chain Research. (with J. Gray, R. Handfield, A Sahebi-Fakhrabad, and A. Sadeghi). *Working Paper*.
5. Beyond Bioequivalence: A Dynamic Quality Risk Index for Generic Drug Manufacturers Using Real-World Clinical Evidence. (with J. Gray, R. Handfield, N. Safaei, A Sahebi-Fakhrabad, and A. Sadeghi). *Work in Progress*.
6. From Regulatory Text to Shortage Risk: An NLP and LLM Framework for Pharmaceutical Quality Risk Prediction. (with J. Gray, R. Handfield, A Sahebi-Fakhrabad, and A. Sadeghi). *Work in Progress*.
7. The Complexity-Interpretability Tradeoff Between Risk-scoring Methods: Implications for State Medicaid Agencies. (with N. Freeman, D. Lewis, and J. Parton). *In preparation for submission* to ***Health Affairs***.
8. Formulating the OLS Regression Problem as Error-Restricted NLP to Simultaneously Test Gauss-Markov Conditions. (with J. Cochran). *Work in Progress*.
9. Warehouse AS/RS Simulation with Reinforcement Learning: A Resilience-Focused Technology Selection Approach. *Work in Progress*.

PEER-REVIEWED CONFERENCE PROCEEDINGS

1. Manikonda, L., Divey, S.J. (2020). Reddit: A Novel Online Financial Consultancy. In *Workshops at the Thirty-Fourth AAAI Conference on Artificial Intelligence*.
2. Divey, S. J., Hekimoğlu, M. H., & Ravichandran, T. (2019, June). Blockchains in Supply Chains: Potential Research Directions. In *2019 IEEE Technology & Engineering Management Conference (TEMSCON)* (pp. 1–6). IEEE.

TEACHING

University of Oregon, Eugene, OR

OBA 311 – Business Analytics I (undergraduate), Fall 2023, Winter 2024

Course Description: This course focuses on the fundamental tools and methods of data manipulation, data visualization and modeling for analysis, and statistics.

OBA 410/510 – Sports Analytics (undergraduate/graduate), Winter 2024, Spring 2024

Course Description: This course emphasizes data analytics methodologies and their application in sports analytics practice to individual, team-based, and organizational performance metrics.

Evaluation[1]: Mean = 4.50/5.00, Response Rate: 23% (21/93)

The University of Alabama, Tuscaloosa, AL

OM 375 – Statistical Quality Control (undergraduate), Spring 2023

Course Description: This course introduces statistical methods used for controlling or managing the quality in manufacturing or service industry using control charts and process capability analysis.

Evaluation[1]: Mean = 3.72/5.00, Response Rate: 61% (25/41)

ACADEMIC SERVICE

Conference Session Organizer/Chair

DSI, Supply Chain Management (Session: Information, Preferences, & Strategic Supply Chain Decisions), SF, 2026

POMS, Agriculture and Food Supply Chains (Session: Supply Chain Analytics), Orlando, FL, 2023

POMS, Data Science and Analytics (Session: Data Science & Analytics Methods), Minneapolis, MN, 2024

POMS, Data Science, Analytics & AI (Session: Data Science, Analytics & AI), Atlanta, GA, 2025

[1]Evaluation corresponds to course survey addressing Instructor related questions, where 5 stands for strongly agree.

Ad-hoc Reviewer

Manufacturing & Service Operations Management (2026–present)
Socio-Economic Planning Sciences (2024–present)
IEEE Transactions of Engineering Management (2019–present)

CONFERENCE PRESENTATIONS & INVITED TALKS

Learning to Comply or Learning to Improve? Organizational Learning in Pharmaceutical Manufacturing

DSI Annual Conference, San Francisco, 2026 (Upcoming)
INFORMS Annual Meeting, San Francisco, 2026 (Upcoming)

Information Design with Endogenous Learning in Supply Chains

DSI Annual Conference, San Francisco, 2026 (Upcoming)
Industry Studies Association Annual Conference, Washington DC, 2026

The Role of Firm Risk in Supply Chain Network Adaptation

MSOM iFORM-SIG 2025, London, UK, 2025
INFORMS Annual Meeting, Atlanta, GA, 2025
POMS Annual Conference, Reno, NV, 2026

Formulating the OLS Regression Problem as Error-Restricted NLP to Simultaneously Test Gauss-Markov Conditions

POMS Annual Conference, Minneapolis, MN, 2024

The Complexity-Interpretability Tradeoff Between Risk-scoring Methods: Implications for State Medicaid Agencies

INFORMS Annual Meeting, Seattle, WA, 2024
POMS Annual Conference, Minneapolis, MN, 2024

Using Spatiotemporal Analysis to Identify Potential Sex Trafficking Victims in Commercial Sex Advertisements

INFORMS Annual Meeting, Phoenix, 2023
MSOM 2023, Montreal, CA

The Role of Real-Time Event Monitoring in Dynamic Response to Disruptions

MIT Center for Transportation & Logistics, Massachusetts Institute of Technology, Cambridge, MA, 2024
POMS Annual Conference, Orlando, FL, 2023
ASCM Albany Chapter PDM, 2022
POMS 2022 - Virtual
INFORMS Annual Meeting, San Diego-Virtual, 2021
POMS 2021 - Virtual
MSOM 2021 - Virtual
INFORMS Annual Meeting, Washington DC-Virtual, 2020
INFORMS Annual Meeting, Seattle, WA, 2019

Blockchains in Supply Chains: Potential Research Directions

DSI Annual Conference, New Orleans, 2019
IEEE – TEMSCON, Atlanta, 2019

WORK EXPERIENCE (Industry)

Daimler Trucks North America (A Daimler AG Subsidiary), Portland, Oregon — *Sept 2015–May 2016*

Burckhardt Compression AG, Zürich, Switzerland — *June 2014–Sept 2014*

Wolfram Research, Boston, Massachusetts — *July 2013*

Essar Steel Ltd., India — *June 2008–June 2009*

Bhabha Atomic Research Center, Mumbai, India — *May 2007–June 2007*
